## Vintage Pattern Collection

---

### **Using this resource:**

This binder contains copies of pattern covers from the 1950's. The library owns the actual patterns, and they are stored in the Vintage Room. Use these binders to browse styles from the past, or to locate a pattern for use. The patterns are arranged first alphabetically by pattern company and then by pattern number.

### **If you would like to use the actual pattern:**

The patterns are available for use in the library only. One pattern may be used at a time. Please bring the binder to the Reference Desk and the staff member on duty will be happy to pull the pattern for you. FIDM students, staff, and faculty must present a FIDM ID to use the patterns. Visitors must present a photo ID.

### **Guidelines for use:**

The patterns can be traced or copied for personal use. It is your responsibility to comply with copyright law. You will need to bring your own supplies (tracing paper, etc.). Patterns may **NOT** be cut in anyway. You must use a pencil when tracing. Please use care when folding/unfolding and tracing the patterns, as the paper on which they are printed is very fragile.

Please return patterns to the Reference Desk when finished.
